📄 PROFILE

Full-Stack Developer skilled in JavaScript and Python ecosystems, with experience building scalable, user-focused web applications using technologies such as React, Next.js, Node.js, NestJS, Django, and FastAPI. Strong background in backend systems, API development, and modern development tools, with a focus on performance and reliability. Driven to grow into a well-rounded software engineer while building impactful solutions to real-world problems. Long-term, I aim to found and lead a technology startup, combining technical expertise with strong problem-solving and leadership skills.

🎓 EDUCATION

Computer Science

Univeristy Of Lagos

11/2025 – Present | Lagos, Nigeria

Currently pursuing a degree in Computer Science at the University of Lagos (UNILAG), building a strong foundation in programming, algorithms, and software engineering principles. Complementing academic learning with hands-on development experience, focusing on real-world applications and modern technologies.

🧠 SKILLS

Frontend Development

- React, Next.js, HTML, CSS, JavaScript
- Responsive Design, UI/UX Implementation
- Animation (GSAP, Framer Motion, Three.js)

Backend Development

- Node.js, Express, NestJS, FastAPI, Django
- REST APIs, Authentication, Server Architecture

Full-Stack System Design

- API Integration, Database Design, Client-Server Architecture
- Performance Optimization

📜 CERTIFICATES

Fundamentals of Deep Learning

Completed a certification in Fundamentals of Deep Learning, covering core concepts such as neural networks, model training, and basic machine learning techniques, with practical exposure to building and evaluating simple models.

📖 COURSES

Fundamentals of Deep Learning

Nvidia

01/2026 – 01/2026 | Lagos, Nigeria

🎵 INTERESTS

Music

Aside from developing from time to time, I take pride in hitting the keys of my paino and deep musical theory.

Sight Seeing

I enjoy going out to see the world to avoid constant screen time and just to connect with nature

PROFESSIONAL EXPERIENCE

ISBMPA

Senior Fullstack Developer

04/2024 – Present | Accra, Ghana

Led the design and development of the official website for the Institute of Strategic Business Management and Public Administration (ISBMPA), an international Ghana-based organization focused on leadership, business strategy, and public administration. Delivered a responsive, user-friendly platform showcasing institutional information, governance structure, and recognition programs, improving the institute's digital presence and accessibility. Optimized performance, structured content for clarity, and implemented scalable architecture to support future updates and growth.

ORGANISATIONS

ISBMPA

Senior IT Managers

04/2023 – Present
